

MANIPAL TATA MEDICAL COLLEGE

JAMSHEDPUR

(A constituent unit of MAHE, Manipal)

Inspired by the heritage of Manipal, the logo finds a simple Indian expression.

Three columns symbolizing roots embedded in the earth as a strong foundation rest below a dynamic circle. It resembles an ancient Indian architectural structure that has stood the test of time and pays tribute to the human form. All encapsulated in the shape of the letter 'M' for Manipal.

The Founder

Padma Shri awardee

Dr. T.M.A. Pai

The late Dr. Tonse Madhava Anantha Pai (1898 - 1979), physician, educationist, banker and philanthropist, was the founder and builder of modern Manipal. He established educational, medical, banking and industrial enterprises of national importance and repute.

Manipal is an eloquent testimony to the vision, motivation and labour of Dr. TMA Pai. His zeal, dedication, and infinite energy inspired others, motivating them to collective effort. This was the spirit of Dr. TMA Pai. This is the spirit of Manipal.

"We must have a residential university in Manipal", was Dr. TMA Pai's prophetic vision.

Dr. TMA Pai successfully established a string of secondary schools and colleges of humanities. His crowning achievement was starting the first ever medical college on public private partnership basis in India the Kasturba Medical College. In 1993, with the conferment of a deemed university status on Manipal Academy of Higher Education his dream and vision to turn Manipal into a university town turned into reality.

Manipal Academy of Higher Education and the Manipal Group

Manipal Academy of Higher Education (MAHE) was established in 1993 under Section 3 of the UGC Act 1956, Government of India. It has over 25 constituent institutions comprising medical, dental, engineering, architecture, nursing, allied health, pharmacy, management, communication, information science, hotel management, biotechnology and regenerative medicine. This is a self-financing university with no support of grants from UGC or Government. The tuition fee for students is fixed on the recommendation of the Committee of Experts appointed in consultation with UGC, to maintain the high standards in courses and disciplines. University has an active alumni base of over 1,70,000+ students across the world.

The professional institutions have an excellent track record of academic excellence and its bachelors, masters and doctoral degrees are recognized globally. The world class academic curriculum and infrastructure attracts international students and faculty. Manipal Academy of Higher Education has students from 60+ countries.

The Manipal Group also operates in 28 hospitals across India. It has several campuses in India and abroad with international academic collaborations for twinning programs in medical and engineering with universities in the US, UK, Australia and other countries.

The scenic campuses provide a high-quality lifestyle and ideal environment for study. All campuses have excellent infrastructure for academic activities, sports, and other extracurricular activities. The infrastructure includes air-conditioned lecture halls, skills lab, air-conditioned hostels, and multi-cuisine food court.

Manipal Tata Medical College Jamshedpur

Welcome to Manipal Tata Medical College, Baridih, Jamshedpur, East Singhbhum District, Jharkhand, a premium institution for medical education and training under a Consortium initiative between Tata Steel Limited (TSL) and MAHE. MAHE has been accorded Institution of Eminence by MHRD. It has created a niche for its medical education and is well recognized both nationally and internationally. There are only three Medical Colleges in the State of Jharkhand and the establishment of MTMC will help augment availability of trained Doctors, improve health care facilities, and thereby contribute to the wellbeing of the local populace. This initiative would also contribute to the increase in the medical seats for the aspirants to medical education in the State.

Under this Consortium initiative, MAHE has created necessary infrastructure for Medical College at ADMH Campus Baridih for the intake of 150 MBBS students annually on 20 acres land leased by Tata Steel Limited. TSL has assigned 981 bedded Tata Main Hospital as the Teaching Hospital for Clinical Training of MBBS Students.

This Consortium is the First Private-Private Partnership in the country which has been created in accordance with the Amendment Gazette Notification No. MCI-34(41)/2019-Med./112859, dated 14th May 2019 of the Medical Council of India.

The Ministry of Health and Family Welfare Government of India and the Medical Council of India has taken this initiative for the establishment of a new medical college with the objective to enhance greater participation of the private sector to increase the number of medical colleges in the country to meet the shortfall of the Doctors and thereby augment the health care without compromising the standards of medical education.

Pro Chancellor's Message

"Education is the most powerful weapon which you can use to change the world"

- Nelson Mandela

It is my great pleasure to welcome each and every student to this campus who have joined as a medical student. The value of education is perceived only when it is shared or practiced for a dignified cause. Our aim is always to provide the best to the students and to prepare them to take up the challenges of tomorrow so that when they come out of the institutions, they are competent to handle the responsibilities of the medical profession. Our Founder Dr TMA Pai said "the young men and women of today are going to be the leaders of our country tomorrow. I always consider them to be the real wealth of our country". Our Chancellor, Dr Ramdas M Pai always states "I am not running educational institutions for money. I like to do this because I am convinced that our youth must be educated as they are going to be the assets of our country". This consortium is private - private, so far the first of its kind in the country that too between two very popular brands - Manipal group and TATA group.

I hope, you will carry cherishable memories at Manipal Tata Medical College (MTMC), Jamshedpur. Due to ongoing pandemic, adhere to the rules and regulations from UGC and do well in your academic career.

I wish good luck and every success to faculty and students of MTMC in their endeavors.

Dr H S Ballal

Vice Chancellor's Message

Dear Student,

Congratulations! You are about to embark on your new life at Manipal Tata Medical College, Jamshedpur, and we are eager to welcome you to your new home at MTMC, a constituent unit of MAHE. The MBBS program is designed to prepare you to thrive in the fast-paced, ever-changing world of practicing medicine.

You have invested a lot to prepare for this moment, and we are committed to making your transition to medical school as seamless as possible. You should take considerable pride in this achievement.

We are delighted that you have now become a part of MTMC. It is an honor and privilege to share your joy, your achievement, and dreams of your parents. To the parents, let me say, thank you for entrusting your children to us. As you stand on the threshold of beginning your life as a medical student and a future doctor, remember you are joining the family of illustrious names like Hippocrates, Lister, Jenner, Roengtgen, Osler, Marie & Pierre Curie. The art of Medicine is the heart of healing, treating and curing with competence and humanity.

So, I hope your tenure here at MTMC which is part of MAHE, an Institute of Eminence (IoE) is a fruitful one and you gain a lot of happy memories.

With Best wishes

Lt. Gen. (Dr.) M. D. Venkatesh, VSM (Retd)
Vice Chancellor

Pro Vice Chancellor's Message

Dear Student,

Congratulations on your joining Manipal Tata Medical College. This is a momentous achievement and the beginning of an exciting journey toward becoming a skilled and compassionate physician.

As you embark on this path, you are joining a vibrant community dedicated to excellence in medical education, research, and patient care. Our program is designed to equip you with the knowledge, skills, and values essential for a successful medical career.

Remember, this journey will be challenging, but it will also be incredibly rewarding. You will be supported by a network of faculty, staff, and fellow students who are all committed to your success. Don't hesitate to reach out for help, seek advice, and engage with the many opportunities available to you.

We are excited to welcome you to our community and look forward to witnessing the contributions you will make to the field of medicine.

Best of luck with your further pursuits.

Dr. Sharath Rao
Pro Vice Chancellor - Health Sciences

Dean's Message

Dear Students,

Greetings from Manipal Tata Medical College.

Let me congratulate you and extend a warm welcome as you embark on a journey to fulfill your dreams of becoming a doctor. I am delighted that you joined Manipal Tata Medical College, Jamshedpur, a Constituent unit of Manipal Academy of Higher Education, an Institute of Eminence.

Medical Education is a lifelong journey, the learning never stops, and we must be always willing to discover new things, new challenges to improve our competence. We at Manipal Tata Medical College, take immense pride in the fact that our students receive the highest quality of education as we ensure that we provide the best of everything, be it infrastructure or faculty.

Make the best use of the opportunities that are provided to you and acquire the competencies to become a competent and caring healthcare provider. I wish you good

Clinical Postings as per the NMC Regulations

Clinical postings shall begin once the student enters second professional year in cycles as per the NMC norms for that particular batch.

Use of e-Learning System

1. MTMC will use the Edu next platform e-Learning software in the conduct of its academic programs.
2. Students are registered according to their Name and Roll number. The initial pass word given will be the roll number of the student. Every student is encouraged to change the password within the first two weeks.
3. LMS: Students may be asked to submit soft copies of assignments through LMS
4. 'E-Learning App': This will be used for conduction of regular quizzes.

Lecture Capture Solution - Impartus:

Lecture Capture Solution is a comprehensive e-learning solution that brings about a paradigm shift in the education delivery mechanism. The core feature of the solution is automatic recording and distribution of classroom lectures. The access to recorded lectures and other study material through Lecture Capture Solution provides students the ability to virtually re-live their classroom experience on anytime anywhere basis. Lecture Capture Solution has a range of useful tools and applications which makes the learning experience more engaging and interactive for students.

Paperless Digital Exams - E Pad

A Path-Breaking Eco-Friendly initiative at Manipal UniversityManipal Academy of Higher Education (MAHE) has been at the forefront of using innovative technology solutions, to enhance the student's learning experience and to promote an eco-friendly lifestyle in the campus. Starting September 2016, MAHE has adopted a revolutionary and eco-friendly way of conducting all internal and end-semester examinations, in a paperless, digital manner, in all it's Institutions.

Students will be able to answer their descriptive questions, on a custom-built examination device, just like

writing on paper, while at the same time, have access to a wide range of tools, to make their answer scripts look neat and colourful. The digital answer script also brings about a high level of security and transparency to the entire exam process, even allowing the student to view their evaluated answer scripts, online, after declaration of results.

SLCM (Student Life Cycle Management system)

SLCM has been conceived to meet the information needs of the students/parents and the administrators of the Manipal Academy of Higher Education. This student portal provides information regarding the general information, academics and dues related to the student.

PRAISE (Policy on publication and research award incentive for students to excel)

Manipal Academy of Higher Education provides research awards and cash incentives to students who are involved in research. The objectives of this policy is to inculcate research consciousness among the students, to promote research among the students, to encourage students to publish their research in Scopus, Web of Science indexed journals. All undergraduate students are eligible for PRAISE.

Attendance and Internal Assessment

- As per the existing regulations of the NMC a student must attend at least 75% of lectures and 80% of practical's / clinicals to be eligible to appear for the University examination.
- Students with shortage of attendance will have to make up the attendance along with the junior batch by paying the casual term fees specified by the University.

Calculation of Internal Assessment marks:

- Based on Continuous assessment of components like SDL, PBL, Table tests, Clinical Vignettes etc.
- Learners must secure at least 50% marks of the total marks (combined in theory and practicals / clinicals) assigned for internal assessment in a particu-

lar subject in order to be declared successful at the final University examination of that subject. A candidate who has not secured requisite aggregate in the internal assessment may be provisionally permitted to appear for university examination. However, he/she has to successfully complete the remediation measures prescribed by the institution/ university as the case may be, prior to the declaration of his/her results in that particular phase. Failure to meet prescribed 50% marks in Internal assessment after availing remedial measures will lead to annulment of the results of the candidate in that particular subject(s) in the university examination.

Promotion to Second Year MBBS Course Internship

- As per the regulations of the National Medical Commission (NMC), a student must pass in all the three subjects, Viz. Anatomy, Physiology and Biochemistry to be promoted to the Second MBBS course. There is no "Carry Over" of the subjects from First MBBS to Second MBBS.
- As per NMC guidelines it is mandatory to get 40% marks separately in theory and in practicals; and totally 50% for theory plus practicals.

Supplementary Examination

- As per the University regulations, a supplementary examination will be conducted six weeks after declaration of the results for students who fail in the First MBBS examination. Students who are successful in the supplementary examination will join their original batch and hence will not lose a year.
- Students with 60% and above attendance (obtained during their regular period) will be permitted to attend the classes to make up their attendance in the subject/s during their supplementary period (6 weeks). If the student fulfils the minimum attendance and internal assessment mark requirements he/she will be eligible to appear for the supplementary examinations. Students with less than 60% attendance (obtained during their regular period) will not be permitted to make up the attendance in the subject(s) during their supplementary period (6 weeks) and they will have to attend the classes along with the junior batch by paying the prescribed casual term fees applicable to their batch.

Students, who fail in the supplementary examination will however, join their junior batch and take the university examination along with them. In other words, they will lose a year.

Note: No student will be permitted to appear for the University examinations unless all dues (tuition fee, hostel facility fees etc.) are cleared. Parents are advised to remit the annual tuition fees on or before the scheduled date notified by the University.

Internship

Once the student completes the PY III Part II he/she will have to undergo one year of compulsory rotating internship training at the hospital, as per the following schedule laid down by NMC:

No.	Department	Period
01	Community Medicine	12 weeks
02	General Medicine	6 weeks
03	Psychiatry	2 weeks
04	Pediatrics	3 weeks
05	General Surgery	6 weeks
06	Anesthesia &CC	2 weeks
07	OBG including Family Welfare Planning	7 weeks
08	Orthopedics and PM & R	2 weeks
09	Casualty	2 weeks
10	FMT	1 week
11	DVL	1 week
12	Otorhinolaryngology	2 weeks
13	Ophthalmology	2 weeks
14	Elective - I	3 weeks
15	Elective - II	1 weeks

One Elective Posting of 15 days in any of the following:

1. Skin and STD
2. TB and Respiratory Diseases
3. Radiodiagnosis
4. Forensic Medicine
5. Immunohematology and transfusion medicine
6. Psychiatry

Code of Student Conduct

Introduction and purpose

The code of student conduct is established to foster and protect the core missions of the university, to foster the scholarly and civic development of the university's students in a safe and secure learning environment, and to protect the people, properties and processes that support the university and its missions. The core missions of the university are teaching, learning, service and research.

The code governs all campuses of the university.

Definitions

"University premises" means all lands, buildings, and facilities owned, leased, or operated by the university. The term "student" means an individual who has paid an acceptance fee, registered for classes, or otherwise entered into any other contractual relationship with the university to take instruction.

safe and secure environment allows for a positive learning environment. In turn, a positive learning environment promotes student learning.

To successfully achieve these outcomes, it is necessary to develop a clear set of student expectations.

1. Student expectations: Students will

- Attend all classes on time.
- Be prepared for class with the appropriate materials and homework completed. Students will not participate in cheating or plagiarizing their work or the work of others.
- Be honest with all staff and students.
- Express themselves without the use of profane language or offensive gestures.
- Participate in positive group activities and will not be involved in any swarming, bullying, intimidating or harassing of staff or students.
- Show respect for others by not participating in teasing and ridiculing.
- Show respect for others by not wearing clothing with inappropriate messages (i.e., profane language, racial or sexual references, references to alcohol/illegal Drugs or gang related).
- Respect the personal property of others.
- Respect and follow direction from all staff of the institution/University.
- Respect the safety of others by not bringing real or imitation weapons to institution/University or in the hostel/campus.

Attendance and Preparation for Class

It is understood that student achievement is a direct result of attending and participating in classroom instruction and classroom activities. It is, therefore, a requirement for students to attend all classes on time and with the appropriate materials. Students who come late will not be awarded attendance and may be denied entry to the class.

Students are expected to have the necessary percentage of attendance as per the governing council of the institution in order to appear for the university examination.

2. Classroom Etiquette

Do not come late to class.

- If you are late to class by more than five minutes, you will not be allowed to attend the class and will lose attendance for that class. Your teacher, based on his/her sole discretion, may allow you to attend the class. However, this discretion, should not be taken for granted and the student should make every attempt to attend classes in a timely fashion.

Do not eat, drink or chew gum in class.

- If you decide that you are going to use the classroom as your personal dining area, your teacher will ask you to leave the class and get rid of your food and drink and then re-enter class. However, if he/she considers your activities disruptive to the conduct of the class he/she may choose not to let you back into class and you will lose attendance for that class.

Do not disturb conducting of classes in any fashion.

- If you are sleeping, snoring, talking, exchanging notes or engaged in any activity that the teacher deems disruptive to the conduct of the class based on his/her sole discretion, you will be asked to leave the class and you will lose attendance for that class

4. Conduct during Examination

- Students are expected to strictly abide by the rules and regulations as specified in the hall ticket issued by the university and the candidate found guilty shall not be permitted to take practical and viva examination till appropriate authority clears.

5. Graffiti / Vandalism (property and /or equipment)

- Students are responsible for any textbooks, library books, or any equipment loaned to or used by them. If misused or damaged, students will be responsible for charges to repair or replace. If repayment is not received, students will have in-school privileges removed or suspension.
- Interfering or tampering any of the office records of college / university is a serious offence and will result in suspension / rustication.

6. Dress Code

- Students will wear clean, neat and presentable clothing. Following is the dress code of the university. Visiting students are also expected to observe the dress code.
- Students are advised to follow the following dress code while attending the colleges for lectures/ practicals / dissections / library / labs and formal function of the institution.
- The dress should be neat, clean and pressed.

Boys

- Trousers and collared shirt
- Shoes and Socks
- Clean white apron with nametag

Girls

- Formal wear dress like Salwar Kameez, Chudidar, Sari
- Formal foot wear
- Hair (beyond shoulder length) to be tied up
- Clean white apron with nametag.

Prohibited for boys

- T. Shirts
- Tight fitting dirty jeans
- Caps
- Chappals/ Sports shoes
- Shorts
- Ear rings
- Torn trousers touching the floor
- Pony tails
- Trousers with 6 or more pockets
- Clothing depicting illegal drugs, alcohol, profane

language, racial, sexual & vulgar suggestions (applicable for boys & girls).

Prohibited for girls

- Tight fitting dirty jeans
- Torn trousers touching the floor
- Skirts, Shorts
- Revealing deep tops / Spaghetti top / Sleeveless tops
- shirts / t-shirts
- In case of violation of the dress code, the student concerned will be asked to leave the academic session.
- Wearing the apron outside the campus is discouraged. Aprons worn to or from wards may transmit infection.

Wear it within the in the hospital premises. Do not wear the apron in public places.

7. Weapons or Replicas of Weapons

- Weapons or replicas of weapons are not permitted on University Campus at any time. Criminal charges will be filed in every instance, as well as suspension or expulsion.
- Involvement in any criminal offence under Indian Legal System will result in suspension or expulsion from the college.
- Engaging in trade /trade activities within the premises campus is prohibited.

8. Illegal Drugs and Alcohol (possession\ personal use\ providing for others)

- Illegal Drugs and/or alcohol are not permitted on university property or on any college excursion. If students are found to be experiencing difficulties with substance abuse, they will be referred to counselling, drug and alcohol rehabilitation programs. Persistent disregard or denial of medical assistance could result in criminal charges and possible expulsion.

9. Smoking

- Smoking is not permitted in any college/ hostel/ campus. Fine will be levied for each infraction.

10. Risky Behaviour

- Students are strongly discouraged from owning and riding motor cycles

- Students riding noisy two wheelers are warned that their vehicles will be locked/seized by the security/police.

cial, is a serious offence and will be treated as such.

11. Fighting / Criminal Assault

- Any student involved in or encouraging the involvement of another student in fighting will be

12. Respect for Authority

- Students will demonstrate respect for all staff and students. Students are expected to recognize and comply with the authority held by the institution/university and its staff. Requests made to them by staff are expected to be followed and adhered to. Failure to follow such requests could lead to parental contact, loss of privileges, suspension or expulsion.

13. Harassment\Threatening

- Harassment will not be tolerated. Harassment, whether written, verbal, sexual (including homosexuality and pornography), physical, emotional, or ra-

14. Bullying\Intimidation\Swarming

- No student will participate in or initiate any form of bullying, intimidation or swarming. Persistent disregard would result in suspensions, expulsions, and/or criminal charges.

15. Ragging

- Ragging within or outside the educational institution is prohibited. Ragging is an offence under penal code. Whoever directly or indirectly commits, participates in, abets or instigates ragging inside or outside the educational institution shall be suspended, expelled or rusticated from the institution and shall also be liable to fine. The punishment includes rigorous imprisonment, cancellation of admission, suspension from attending classes, withholding/ withdrawing fellowship/ scholarship and other financial benefits, withholding or cancelling the results.

Teacher Gaurdian Scheme

Mentoring System an excellent mentoring system under the guidance and support of our Incharge-Dean Dr. Harish Chander Bandhu, Mentoring is the key for developing and sustaining a satisfying professional career. Mentors help young students to develop confidence, achieve progress and by giving strength and motivation to face academic challenges at the beginning of their careers when it is most needed. A mentor-mentee relationship also provides better insight into medical college life and opportunity to broaden their network of contacts. Consists of committed faculty to whom students/ mentees are allotted. They will ensure to provide a comfortable platform for their student's academics and interests by meeting on a regular basis to provide guidance, support, advice, strategic feedback and other insights.

Message to Students

1. To become a good professional, the student should be very clear in his/her ambition and set appropriate goals for themselves.
2. The priorities for the day should be clear in the mind.
3. Effective time management is crucial for students to maintain a balance between their academic responsibilities and leisure activities
4. Mind and body should be kept active. Priorities and ambition may be forgotten if relaxation (though important) is overdone.
5. Attendance and internal assessment are two valuable tools to monitor the academic progress of a student. To avoid anxiety and tension before exam one should maintain a good record of attendance and internal assessment. Though 100% attendance is essential, 25% absenteeism is permitted to cover ill health and family commitments.
6. It is advisable that students stay only in the hostels. When in hostels, they are expected to abide by the hostel rules and regulations. It is mandatory to keep the warden informed in case if the student is visiting a friend or relative and is going to be away from the hostel for more than a day. Students should not keep costly and valuable items in the room.
7. The behaviour of the student in and around the campus should befit the noble profession they have opted for. Lab coats (apron) should be worn only inside the campus.
8. Talented students in the field of sports and cultural activities should identify themselves with sports and cultural committee of the college. Good hobbies should not be forgotten.
9. Students should make an effort to learn the local language, as they have to deal with patients.
10. During clinical postings, Students should be have appropriately when dealing with patients.
11. Students are expected to observe the dress code of the University.
12. Indiscipline will be dealt with as per rules and the nature of punishment can vary from suspension to dismissal from the institute.
13. All the students are mandated to immunize themselves with 3 doses of Hepatitis B vaccination (0, 1, 6 months). Students from abroad are advised to get themselves immunized against Hepatitis
14. Students are recommended not to eat food from unhygienic restaurants and consume safe water
15. In case of ill health, students should report to the Manipal Tata Medical College Student Coordinators. While undergoing elective surgical procedures on their ownself, students should keep the parents informed and it is always better that one of the parent is present during the procedure.
16. In case of stressful situations students can contact peer mentors or faculty or the counsellor of student support centre, to cope with the stress.
17. Manipal Academy of Higher Education has been declared as "NO SMOKING ZONE". Students found indulging in smoking may be removed from the hostel and no refund of rent will be given.
18. Any student involved in criminal offences on the campus and any indiscipline outside the campus will be handled by the concerned authorities as per the law of the land.
19. The students are discouraged from indulging in undue risky behaviour.
20. The following are banned and severely dealt with:
 - Drugs, Drinking (liquor) and smoking
 - Ragging & eve teasing
 - Cheating, stealing, provocation, coercion, threats, pressure tactics & fights

Message to Parents

1. Do keep in regular touch with the mentor of your son/daughter.
2. Be aware of your son/daughter's academic progress especially attendance, internal assessment, and marks in the university examinations.
3. Remit all the payments like tuition fees, hostel facility fee directly to Manipal Academy of Higher Education in time.
4. Be aware of your son/daughter's monthly expenditure and mode of expenditure.
5. We may need to contact you sometimes urgently especially in case of accidents and emergency. Hence it is essential that any change in address, phone numbers and e-mail be informed promptly to the college at studcom.mtmc@manipal.edu
6. Do not encourage your son/daughter to extend their holiday and stay at home when he/she visits the family during vacation. He/she may end up with attendance shortage.
7. It is wiser that you visit your son/daughter once in a way instead of the student visiting the family frequently so that his/her studies go uninterrupted.
8. Do not provide the student with a two wheeler or a four wheeler especially in the formative years.
9. Please keep us informed, if the student has a history of illness (physical or mental). Students are covered under Medicare and are entitled for treatment in our associated hospital, which is well equipped.
10. In case of health problems for minor illness, the students can attend out patient health clinic and get treated. If the ill-health warrants inpatient care, the student will be admitted. For minor ailments with short stay the parents may not be informed, but in case of emergencies, they will be informed as early as possible. Students are covered under Medicare and these rules are made clear at the time of admission.
11. Students should stay in the hostels provided in campus. Staying outside the campus independently has its own demerits and parent should discuss the matter with the mentor before consenting.
12. It is imperative that parents keep in regular touch with the institution officials especially in case of poor academic performers.
13. Students are not permitted to use mobile handsets with camera during working hours. The equipment shall be confiscated if student is found to possess it.
